## Company information

### Headquarters Schwetzingen

Since 1999, DHV E-Net GmbH has been headquartered in Schwetzingen in the Kurpfalz area, the former summer residence of the Palatine electoral prince, between Mannheim, Heidelberg and Speyer.

From our headquarters in Schwetzingen, we mainly operate in the south and south-western part of Germany. We can quickly reach the cities Frankfurt, Stuttgart, Karlsruhe, Nuremberg and Munich. We strive to realise projects as close as possible to our customers.

You are welcome to visit our headquarters to get an idea of our capabilities.

### Cologne/Bonn office

Troisdorf, the largest city of the Rhein-Sieg Area, and a significant economic location, is situated between the economically and culturally important cities of Cologne and Bonn. This, as well as the excellent traffic connections and immediate proximity to the airport Cologne/Bonn were only a few reasons for establishing our first branch office in this area at the beginning of 2000.

Our regional customers from the cities of Bonn, Düsseldorf, Cologne and from the Ruhr-Area benefit from the advantage of discussing projects in our offices where they can obtain information about our expertise and equipment at the same time. You are welcome to visit us on one of your next trips.

You can quickly find us with the Falk-city planner.
