We are looking for you!

DHV E-Net GmbH is a world-wide operating society of engineers which is expanding considerably in the field of telecommunications. Our society emerged from the globally operating Dutch DHV-group, specifically from DHV Ingenieur-Consulting Deutschland GmbH.

Our performance spectrum is based on the classic areas of responsibility of the German regulations about the services and fees for architects and engineers. We mainly specialise in the fields of technical building equipment (electrical engineering, HVAC (heating, ventilation, air conditioning) and security technology, civil engineering), telecommunications and long distance communications network engineering and the set-up of mobile communications network infrastructure.

We realise our international projects with competent staff and are, besides covering classic A/E services, currently expanding in the innovative segment of "professional project management". In the expanding field of telecommunications, we offer our professional services to telecommunications service providers.

For our headquarters in Schwetzingen and our branch office in Köln/Bonn we are looking for

- **Project managers**
- **Planers for telecommunication installations**
- **CAD-specialists (AutoCAD)**
- **Sales-Assistants**

at the earliest possible date

A job with constantly changing, complex tasks as well as defined goals means a challenge for you. You picture your future work environment at different locations, working in project management, planning and sales in different fields of technology. You are proficient in using Microsoft Office-Software and project management and planning tools (e.g. MS Project, AutoCAD).

You are looking for a new challenge or you just finished your studies, but have not yet decided on a certain company. In this case, please send your complete resume and CV including the earliest possible date you can start as well as your salary requirements to:

DHV E-Net GmbH, Mr. Andreas Manser, Carl-Benz-Straße 5, 68723 Schwetzingen

Telefon: +49 62 02 93 71-14 (Mr. Manser)
E-Mail: andreas.manser@dhv-e-net.de
